

CLINICAL SPOTLIGHT

Universal Round Bar™ TMR System

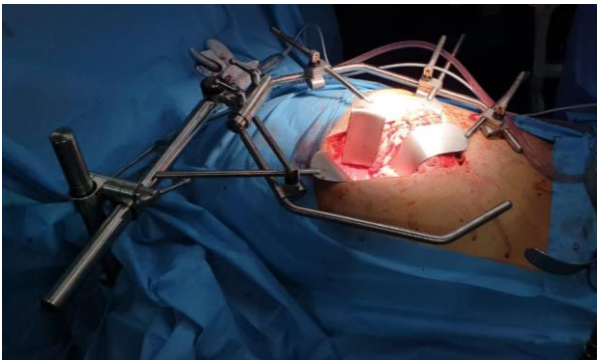

Mediflex[®] offers the most stable, versatile, rapid set-up and simple to use table mounted retractor system on the market—compared to competitors and self-retaining retractors.

What we hear from clinical trials...

“the retractor is amazing” - “easy to set-up/use”
“better exposure” - “reduces procedure/OR time”

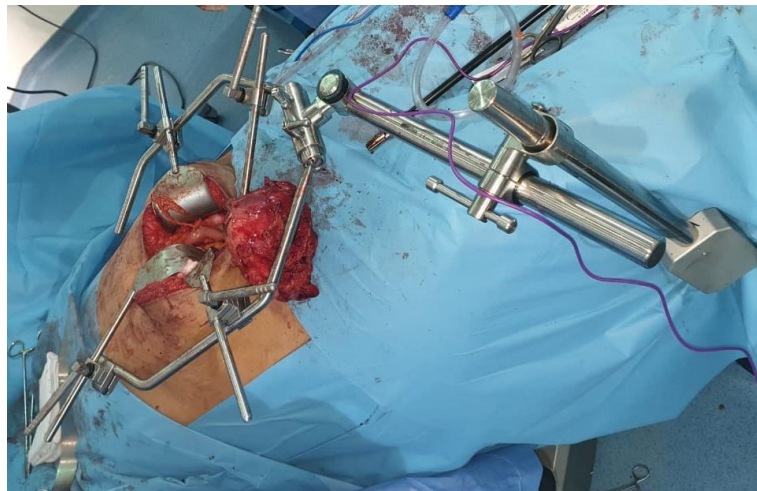

Pictures from clinical trials at Serdem Private Hospital, Iraq
Surgeon: Dr. Mohammed Hassan - General / Bariatric Surgeon

Procedure: Pancreatic necrosectomy with cholecystectomy

Note use of Monolithic FlexArm for scope holding to allow viewing of the procedure by the surgical team

Procedure: total abdominal hysterectomy
